Report

Stefano Martina

stefano.martina@unifi.it

University of Florence

PHD in Smart Computing

XXXII cycle

November 1, 2019

1 Courses attended

Exams :

- Finite Elements for Engineers, Stefano Selleri, Florence, February 2017;
- Seminario Penetration Testing, Tommaso Pecorella, Florence, February 2017;
- Synthetic biology e Systems biology, Luca Cardelli, IMT Lucca, March 2017;
- Laboratory of science communication, Franco Bagnoli, Florence, January-February 2017;
- GPU Programming Basics, Marco Bertini, Florence, May 2017;
- Fuzzy Logic and Fuzzy Systems, Beatrice Lazzerini, Pisa, May 2017;
- Visual Recognition: From Handcrafted features to End-to-End Learning, Lorenzo Seidenari/Lamberto Ballan, Florence, May 2017;
- Object Recognition in Images and Video, Andrew D. Bagdanov, Florence, April-May 2017;
- Elements of intellectual property, University of Florence, Prof. Marco Pierini, Florence, June-July 2017.

Seminars :

- Writing a technical paper for IEEE, Eszter Lukacs, Florence, April 2017.

Summer schools :

- Ovation Summer Academy alpha (MindGarage, Prof. Marcus Liwicki), Berlin, September 2017;
- Advanced Course on Data Science & Machine Learning - ACDL 2018, Siena, July 2018.

2   Conferences and workshops attended

- Ital-IA Conference (Convegno Nazionale CINI sull'Intelligenza Artificiale, 2019), Rome, March 2019;

- Artificial Intelligence in Health and Well-Being, Florence, May 2019.
